About us

Sadid Sazeh Persia Company is a reputable Iranian company that specializes in the production of transformer parts and fittings Since 1989.

This Company is a leading supplier of transformer accessories in the region and has a history of cooperation with all active domestic companies and exports to neighboring countries in its resume.

The company has a team of professional managers and salespeople who are committed to providing excellent services to its customers.

With a focus on innovation and technology, the company continuously develops new ideas and technologies to meet the evolving needs of its customers.

Sadid Sazeh Persia Company is committed to producing standard products at reasonable prices and providing excellent services to both its old and new customers, both in Iran and abroad.

Our vision and goals

- Production and supply of required parts inside the country
- In accordance with international standards
- Production of standard and safe parts
- Competition with foreign competitors
- Acting in international markets
- Customer satisfaction
- High build quality

The basic elements of this metal piece are made of brass alloy. These materials are prepared from the most reliable domestic companies and have a checklist.

Low Voltage Bushing (EN 250 A)

Low Voltage Bushing (EN 630 A)

Low Voltage Bushing (250 A)

Low Voltage Bushing (630 A)

Low Voltage Bushing (1000 A)

Low Voltage Bushing (2000 A)

Low Voltage Bushing (3150 A)

High Voltage Bushing (250 A)

High Voltage Bushing (630 A)

Metal, copper and brass parts

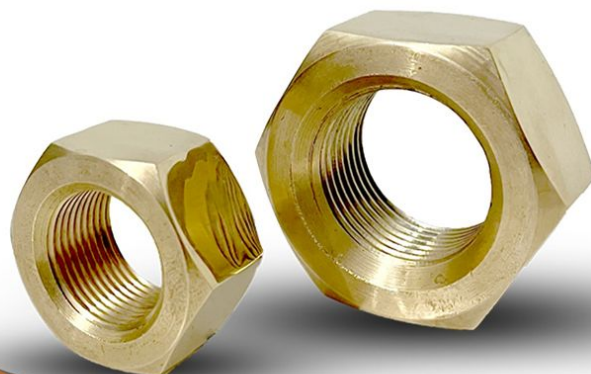

Brass Connection Lug

Special Brass Connection Lug

Brass Nut

Special Brass Fittings

Brass Cap

Low Voltage Brass Bolts

High Voltage Brass Bolt (250 A)

High Voltage Copper Bolt (630 A)

Brass Washer

Brass Round Oil Sight Glass

High voltage brass Washer
(E.F.P)

Brass Cable Clamp

Clamping Piece (E)

Conservator Connecting Pipe

Corrugated Fin Radiator

| Arcing Horn

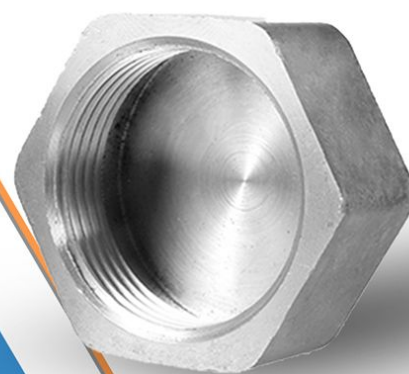

| Plated Arcing Horn

| Fixing ring

| Arcing Horn Holder

Filling Nozzle Cap

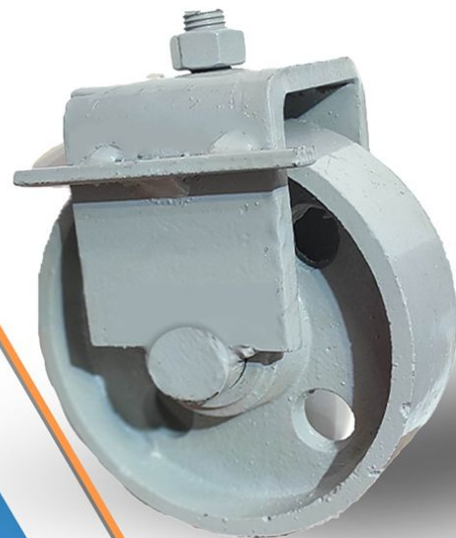

Filling Nozzle Socket

Thermometer Pocket

Wheel

Oil Drain Device (A22,A31,A40)

Accessories and protective equipment

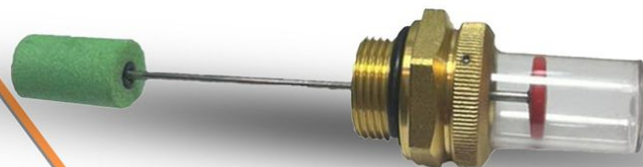

NBR Rubber Linings

Pressure Relief Valve

Transformer Oil Level Indicator

Transformer Magnetic Oil Level Gauge

Dehydrating Silica Gel Breather

Tap Changer
